### **Study Skills Tips**

\* Continue practicing math facts (especially multiplication, although continuing to pick up our speed and efficiency with addition and subtraction would also be a beneficial as we build on our multiplication and division).

\* Multiplying 2-digit numbers is another area to continue to work on. *I included several additional practice sheets in the HW Folder last week to help.* Please work on two digit by two digit and three digit by two digit. For example: 35 x 62. As well as 426 x 43.

### **Book Report**

\* I've included the information sheet and rubric for our 1<sup>st</sup> Quarter Book Report. Each student will be making up and then presenting a Book Commercial. They get to choose the book they want to present on (it can be a book they read for Book Adventure).
