## Welcome

### Welcome to your new account

Welcome to your new Google Workspace for Education account:  
tswift26@familychristianschool.org.

Your school manages this account, which means:

- Your school chooses which services you can access when using this account, like Gmail, Docs, and Google Maps
- Your school manages **data saved in the account** (<https://support.google.com/accounts/answer/181692>) and can choose if you can access that data
- Your school can see how you use the account, including the emails you send and the Docs you create
- Your school can also see and change your privacy settings and delete your account

#### The Google Workspace for Education Privacy Notice

([https://workspace.google.com/terms/education\\_privacy](https://workspace.google.com/terms/education_privacy)) describes additional details about what information is collected and how it's used.

Here are the types of Google services you may be able to access with your YouTube, and others.

Your school decides which additional services you can use with your account. If you use this account to access additional services, your use of those services is explained by their terms, such as the **Google Terms of Service** (<https://accounts.google.com/TOS>), the **Google Privacy Policy** (<https://policies.google.com/privacy>), and any **service-specific terms** (<https://policies.google.com/terms/service-specific>). If you access third-party services with your account, separate terms and policies set by those third parties will apply.

Some additional services show ads. But if you're using this new account (tswift26@familychristianschool.org) in primary and secondary schools (K-12), we don't show you personalized ads, which means we don't use information from your account or past activity to target ads. However, we may show ads based on other things like your search query, the time of day, or the content of a page you're reading.

Your use of Google services on this tswift26@familychristianschool.org account is also limited by your school's internal policies.

You can review and change your privacy settings at [myaccount.google.com](https://myaccount.google.com).

You should ask your school, parent, or guardian for help understanding this notice or any of the information at the links shared above.

I understand

When you log in for the first time, you will be prompted to create a new password. Be sure to write this password down and then put it in the front of your planner when you return to school.

After you click "I Understand," you will be ready to use your new e-mail!

Practice sending an email by composing an e-mail to Mr. C by emailing "I logged in!"
