

## Mrs. Deal's Zoo-News

September 30<sup>th</sup>, 2021

### Headlines

**Math Facts:** It's so helpful if the students have multiplication facts memorized, so we are trying a fun incentive to do that. It has been explained in class how they can earn a homework pass and a casual day card from me. The directions are also printed on the yellow "ZOOKEEPER" paper in this week's folder.

**Math test:** After the math test, it was evident many students still needed review on 2 concepts: 3-digit divisors and 2-3 digit multiplication. We reviewed in class, then the students had the opportunity to do corrections. On their test, the green grade is the original grade, the orange grade is the grade they earned after corrections, and the orange grade that is circled is the average of the two, and the grade recorded.
